# Roo Review

# ROOFEST

2018

**SUCCESS!!**

This year's attendance was superb and monies raised fell into the top five Roofests we've ever had.

Thank you also to each and every vendor, donor, attendee and volunteer who so graciously helped to support the hounds.

We are so very greytful for each of you.

We are currently seeking volunteers to host the University District (Seattle), Renton and Factoria Petcos. Let us know if you or someone you know might be interested!

# Donations

Just as it takes a village of people to prepare our greyhounds for adoption, it also takes a village of financial donations. We are a nonprofit 501(c)3 and rely solely on the donations to sustain our adoption group. A list of just a few things we always welcome are:

- \* Full bags of dog food
- \* Treats for foster dogs
- \* Tag collars

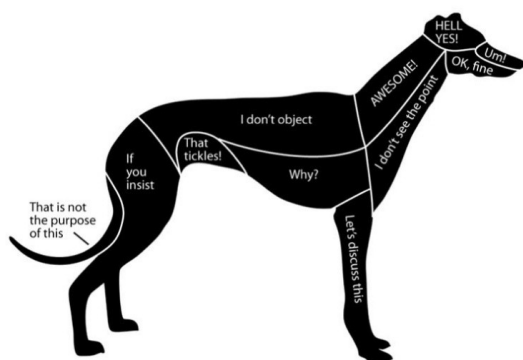

- \* Wire crates
- \* Wire kennels
- \* Auction items for Roofest

And of course .... cash \$\$\$!

## Petting Chart for Your Greyhound

GPAGNW has signed-on with Trupanion's Shelter Program to offer free activation of a pet insurance policy to all of our new adopters. There will be a certificate in each of our Adoption Packets from now on explaining the program. To activate the policy, the adopter needs to take their new dog for an initial vet visit, then activate the policy within 24 hours of the visit. The activation can be done on Trupanion's website or over the phone. Activating the policy will cost nothing and at the end of the first 30 days the adopter can choose to let the policy lapse, or to pay their first monthly premium to continue it. Trupanion waives its customary waiting periods in this program, so full coverage is effective the moment the certificate is activated.

## 2019 CALENDARS

Make sure you never forget an important event or special day! Grab your wall or desk greyhound 2019 calendar before they are gone.

Wall - \$13

Desk - \$15

Please contact Kreed, Bruce & Rhonda, Sheila or Inge for yours.

Fostering is very rewarding, watching these dogs learn about their new environment and teaching them to live in a home, socializing them with other breeds of dogs, and seeing them develop into a pet. Their care is minimal, we provide food and vet care, all you add is love. If you can help, or have a friend who is interested, please let us know.

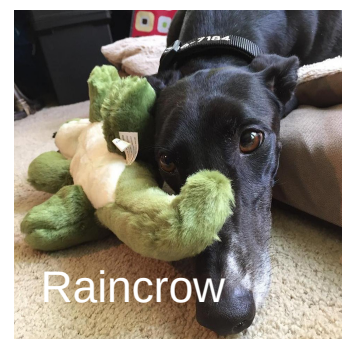

We are always looking for more foster homes to try and give our dedicated foster parents a break from time to time.

**A new haul arrives mid-August!**

**Fostering is a great way to  
"test drive" a greyhound!**

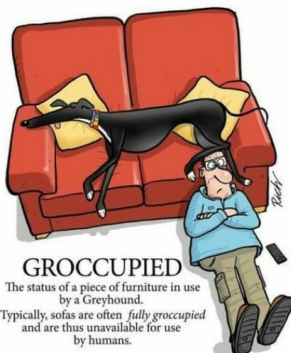

**Got temporary couch?**

# CONGRATULATIONS to our recent adoptees and adopters!

# GREYHOUND LIFE

## GROCCUPIED

The status of a piece of furniture in use by a Greyhound. Typically, sofas are often *fully groccupied* and are thus unavailable for use by humans.

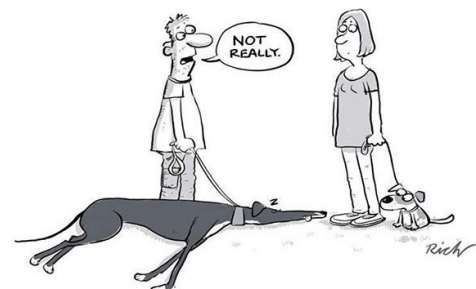

## OGREYGAMI

The ancient art of Greyhound folding. Practiced by a hound to fold itself into an apparently impossibly small volume.

## GREYPOLE

The multicoloured leash entanglement of the lower limbs of a walker of multiple hounds. When leashes are untangled, this problem can be expected to reoccur within 15 seconds
